Introduction

Prosperity Gold follows many of the same concepts related to liquidity, liquidity locking, tokenomics, transparent team (Dox), contract audit, etc. Prosperity Gold is part of our Prosperity Network which consists of Many Utilities, Innovative Developments and a Proven, Trustworthy Team with Longevity in Mind.

Our company's primary focus is on gaming (Metaverse and Play-2-Earn), NFTs and learn-2-earn. Our NFTs and games will consist of; NFTmotors (NFT Trading Cards), racing game for iOS and Android, NFTcasino (both with Metaverse integration), and a first person shooter game in 2023. Our Prosperity Academy will give you the opportunity to take courses for free while earning NFTs just for learning new skills. And our Prosperity Lottery will give you the chance to win one of our weekly and monthly Lotteries.

History

Our company was originally introduced to the crypto market in July 2021 on Binance as Prosperity Token and had a 1 quadrillion max supply. In July 2022 our company was rebranded as Prosperity Gold, the max supply was reduced to 10 billion and we will launch on the Polygon Network. This was done for several reasons; to reduce our max supply which most of our community wanted, to remove the word "Token" from our name and to prepare everything such as logos, website and social media for the Prosperity Gold name which is what our upcoming layer 2 blockchain will be called.

Max Supply

Prosperity Gold has a max supply of 10 billion Tokens

Tokenomics

I. **Reflections-4%**

Prosperity Gold rewards holders with 8% automatic reflections in SAND Token, "The Sandbox" Metaverse Token.

II. **Liquidity-2%**

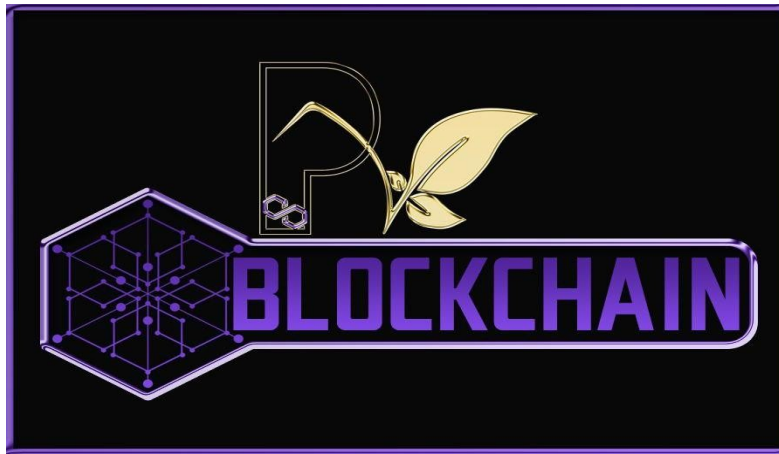

Low Liquidity can result in slower transaction times, extreme price swings and higher than normal slippage rates. To help counteract this we have decided that 2% of every buy and sell will automatically go to the LP.

III. **Marketing/Development-4%**

Adoption in Cryptocurrencies has skyrocketed over the past year. To bring those investors to Prosperity Gold, it is essential to have adequate funds for marketing our utilities and to bring awareness to what we have to offer.

Our marketing will consist of Youtube and TikTok videos, Social Media marketing, AMAs, ads on various sites and marketing companies. We also know that community involvement is extremely important and to help drive that involvement we will have competitions and giveaways for completing tasks on various social media platforms.

Development is key to the success of Prosperity Gold. With each utility and service that is developed, revenue from those utilities and services helps to expand our development and marketing. Sometimes we hire outside programmers to complete coding, when this is done then all work is verified by another developer.

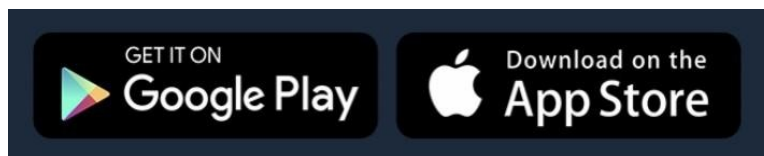

Prosperity Gold Blockchain

In May of 2022 development of our Layer 2 Smart Contract enabled EVM Blockchain was started. When completed the code will be verified by another group of blockchain developers, thoroughly tested and Audited. We will give more details as development progresses.

Utilities and Services

I. Prosperity Gold Website and Social Media

The Prosperity Gold Website will feature a full Social Media Platform hosted by the Prosperity Gold Team. Our Social Media will have Private Messages, Group chat (Private and Public), User Profiles, Friend Requests, Ability to Post Comments, Etc. The reason for having our own Social Media Platform is to give a Platform where investors can communicate with us without having to deal with all the bots and scammers an established Social Media Platform has.. This also gives any potential investor the opportunity to contact and speak directly to us from our website.

Our Website will be available as an app on the iOS and Android stores

Download our app to receive updates about Prosperity Gold through push notifications

II. **NFTmotors (NFTmotors.io iOS and Android app coming soon)**

NFT Motors will bring both Vehicles and Trading Cards together with the highest quality of American, European and Asian Vehicles, Artwork and 3D Effects. NFT Motors will also have Categories including Dealerships under the NFT Motors Brand, Car Clubs (Urban and Suburban) and Street Races.

NFT Motors Hangout is a Social Media Platform for the collectors of the NFT Motors Trading Card holders. In the Hangout you can create your own car clubs, public and private.

NFT Motors VR Showroom is a Virtual Reality based Auto Dealership Showroom Floor with Vehicles and Non-Fungible Trading Cards on display.

NFT Motors will feature a racing game that will have in-game upgrades and the ability to create a car club based on ranking along with optional upgrade purchases. Another unique feature will be the ability to take an in-game snapshot and mint that into a unique NFT. We also plan on making the game accessible to play from the Metaverse, iOS and Android.

III. **Prosperity Lottery (prosperitylottery.io)**

Prosperity lottery will offer weekly and monthly lotteries for investors to play.

III. **Prosperity Academy**

Prosperity Academy will be offering Free and Low Cost education with many different categories and courses with the opportunity to earn NFTs based on certain criteria, we call it Learn-2-Earn. Courses may change at any time, please contact our Team for more information.

I. **Prosperity Audit (Prosperityaudit.com)**

Prosperity Audit is a Website Security Auditing Service that was developed by top Site Security and Computer IT Technicians. The Website Security Audit is IT robot based and will give a full detailed report on the health of any Website. The site will be down and released at a later date. Please refer to the roadmap or contact a Team Member on when this service will be launched.

II. **Prosperity Mall (Prosperitymall.io)**

Prosperity Mall is a Multi-Vendor Marketplace that will be updated and reconfigured for future use. Please refer to the roadmap or contact a Team Member for a timeline when this will be updated.

Manual buy back and burns

We have seen that automatic buy back and burns do very little to counteract a sell. Our approach to burns is based on the level of completion of the Prosperity Gold ecosystem. We have decided that when our ecosystem generates more revenue than what is needed for development we will let the community decide whether to buy back and burn, give to charity or use for exchange listings .
